- Datacation-Casenex
- Pearson/SchoolNet
- eScholar- myTrack

So, What is inBloom?

- It is just a fancy name for a Data Store
- It makes it easier for applications to load and integrate data that can be used for the portal
- Data are very secure, both encrypted, and firewalled

www.engageny.org/portal

The screenshot shows the EngageNY Portal website. At the top, there is a navigation bar with icons for Common Core Curriculum & Assessments, Teacher/Leader Effectiveness, Data Driven Instruction, Video Library, Professional Development & Network Teams, and Parent & Family Resources. Below this is the EngageNY logo and the tagline "Our Students. Their Moment." The main header reads "EngageNY Portal" with a breadcrumb trail "Home » EngageNY Portal".

The goals of the EngageNY Portal are to:

- Make student data available to New York's educators, students, and students' families to support improved instruction and student learning outcomes;
- Make curriculum and instructional resources available to New York's educators to support improved instruction and student learning outcomes, and evaluate the effectiveness of instructional initiatives;
- Make curriculum and instructional resources available to students and their families to support improved learning outcomes;
