

Local Assistance Plan (LAP)
Diagnostic Self-Review Document and Report Template

Name of Principal:	Stephanie Falls
Name/Number of School:	Homer Intermediate School
School Address:	58 Clinton Street
School Telephone Number:	607 749-1240
Principal's Direct Phone Number:	607 749-1121
Principal's E-Mail:	sfalls@homercentral.org
District Telephone Number:	607 749-7241
Superintendent's Direct Phone Number:	607 749-7241
Superintendent's E-Mail:	nruscio@homercentral.org
Reason for LAP Designation:	Students With Disabilities
Website Link for Published Report:	Homercentral.org

School Principal's Signature _____ Date _____

I certify that the information provided above and in the attached documents is true and accurate to the best of my knowledge. I understand that the accountability status determination reported in the Information Reporting Services (IRS) portal/nySTART is official and that the district and its school must meet all federal and State requirements pertaining to such accountability designations and expected student performance improvements.

I further certify that I have reviewed the Diagnostic Self-Review Document and met with the school leadership to discuss and revise the rubric ratings as appropriate and that I concur that the ratings provided in the rubric are an accurate assessment of the school's current performance in relation to the tenets.

Superintendent's Signature _____ Date _____
For New York City schools, the Community School District Superintendent must sign the self-assessment.

A Message to School/District Leaders:
The purpose of the New York State Education Department (NYSED) school review is to provide all New York State (NYS) stakeholders currently involved in school and/or district evaluation cogent messages around school improvement and highly effective educational practices. Our thinking is that the more the NYS educational community engages in common practices and uses common language to evaluate and describe effective schools, the more readily we, as an educational community, will be able to provide high-quality seats to all students in our state.

Guidance

The Diagnostic Self-Review Document provides an opportunity for the school, with the assistance of the district, to assess its current level of performance in regard to the school leadership, teacher practices and decisions, curriculum development and support, student social and emotional developmental health, and family and community engagement. Schools should use the self-review as an opportunity to identify actions to be taken to improve student academic results for the identified subgroup(s), describe the district resources to be used to implement the actions identified, and describe the professional development activities planned to support the implementation of the actions to improve student academic results.

The Diagnostic Self-Review Document and Report Template must be approved by the district's Board of Education (for New York City (NYC) schools, it must be approved by the Chancellor) and posted to the district's website by Friday, November 22, 2013, as well as kept on file at both the school and the district offices.

Completing This Form

- ✓ Before completing this form, please examine the rubric, and discuss the tenets and the statements of practice with the district representative who will be assisting you in completing, reviewing and approving your LAP Self-Assessment. As the rubric used for the Diagnostic Self-Review is the same one as used for Diagnostic Review for School and District Effectiveness (DTSDE) conducted in Focus Districts, the DTSDE website (<http://www.p12.nysed.gov/accountability/diagnostic-tool-institute/home.html>) contains helpful information about the rubric.
- ✓ In collaboration with your school leadership team and your district representatives, complete the Self-Review by identifying the strategies and practices you either are planning to implement or have implemented that meet the needs of your school, as identified by the assessment.
 - Pay particular attention to the performance of the subgroups that caused the school to be identified as requiring a Local Assistance Plan (LAP).
 - Use evaluative language and connect how the strategies and practices have or will impact teaching and learning.
 - Make sure the activities proposed reflect a new and robust direction or a continuation of practices that are showing evidence-based positive results in closing the achievement gap(s).
- ✓ Be concise and clear when describing the evidence that supports your ratings.
- ✓ Provide information in the plan that addresses the "who, what, when, and why" of the strategies chosen to meet the needs of the school.
- ✓ **Please Note:** The designation of a school as a LAP means that a school has areas that need improvement, particularly as they relate to the subgroup(s) of students who are failing to make academic gains. These areas should be reflected in the ratings, evidence and action plans outlined in this assessment.
- ✓ Before the completed Self-Review Document and Report Template are submitted to the Board of Education (for NYC, the Chancellor) for approval, the school superintendent must meet with the school leadership to discuss and revise the rubric ratings as appropriate.

A successfully completed Self-Review provides an accurate picture of your school and its needs and describes the actions you and the district will take to address these needs. The evidence and plans for improvement described in the document will closely align to the expectations put forth in the rubric, therefore aligning the plan to the optimal conditions for school effectiveness.

If you have any questions regarding completion of the Local Assistance Plan Self Assessment, please send an email to accountinfo@mail.nysed.gov.

Rate each practice with an H, E, D, or I in the space provided. Before assigning a rating of Effective or Highly Effective to a Statement of Practice, the school should pay particular attention to how the statement of practice is related to the performance of the subgroup(s) of students who caused the school to be identified as requiring a LAP. When providing a response to a Statement of Practice that is Effective, Developing, or Ineffective, the school should specify whether actions will be targeted to the subgroup(s) of students who caused the school's identification or be part of a whole school transformation or turnaround strategy.

Tenet 2 - School Leader Practices and Decisions: Visionary leaders create a school community and culture that lead to success, well-being and high academic outcomes for all students via systems of continuous and sustainable school improvement.

Statement of Practice 2.2:
Leaders ensure an articulated vision, understood and shared across the community, with a shared sense of urgency about achieving school-wide goals aligned with the vision as outlined in the School Comprehensive Educational Plan (SCEP).

<input checked="" type="checkbox"/>	Highly Effective	<p>a) The school community shares and promotes a distinctive and robust vision for student achievement and well-being based on data and holds itself accountable for working as a community to realize this vision as outlined in its SCEP and other school improvement documents.</p> <p>b) The vision is created and enthusiastically supported by staff, families and students such that it is uniformly seen, heard and known across the community.</p> <p>c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect urgent priorities and ensure the realization of the vision.</p>
<input type="checkbox"/>	Effective	<p>a) The school community shares a vision concerning student achievement and well-being and for how they want to work as a community to realize this vision as outlined in the SCEP and other school improvement documents and data.</p> <p>b) The vision is created by a select group of staff and families and is supported by the school community such that it is uniformly seen, heard and known across the community.</p> <p>c) The school community develops and works toward specific, measurable, ambitious, results oriented and timely goals that reflect priorities that are aligned with the vision.</p>
<input type="checkbox"/>	Developing	<p>a) The school community has a vision for student achievement and well-being and is in the process of developing shared ownership and ways to incorporate findings from the school's data.</p> <p>b) The vision created is gaining more support with the staff, families and students across the community.</p> <p>c) The school community is developing and working toward specific, measurable, ambitious, results oriented and timely goals; these goals are not priorities aligned to the vision.</p>
<input type="checkbox"/>	Ineffective	<p>a) The school community has a vision, but it is misaligned to student achievement and well-being based on the school's data.</p> <p>b) The vision is unknown, not commonly understood and/or has not been shared with the staff, families and students across the community.</p> <p>c) The school community does not develop and work toward goals, or, if the community is working toward goals, they are not specific, measurable, ambitious, results oriented and timely.</p>

<p>Please indicate the evidence used to determine the rating. <i>Check all that apply.</i></p>	<p><input type="checkbox"/> Classroom Observations – # Visited: _____</p> <p><input type="checkbox"/> Interviews with Students – #: _____</p> <p><input type="checkbox"/> Interviews with Support Staff – #: _____</p> <p><input type="checkbox"/> Interviews with Teachers – #: _____</p> <p><input type="checkbox"/> Interviews with Parents/Guardians – #: _____</p> <p><input type="checkbox"/> Other: _____</p>	<p><input checked="" type="checkbox"/> Documents Reviewed:</p> <p>Rtl plan, interventions, and documents; Bldg goals/focus for the last two year; SCA minutes; SBT plan and minutes; ILC minutes; parent letters; Website; School pledge and Chr Ed activities; Summer Reading program documents; parent volunteers and training records, staff training documents, grade level days and meeting agendas, SMART goals indivi/dept; District/BOE reporting plan, Strategic Management Plan</p>

If the SOP rating is Effective, Developing or Ineffective, please provide a response in the areas below.

<p>Actions in this area to be taken to improve the identified subgroup(s) student performance levels.</p>	<p>Engaging parents more is always needed to increase achievement</p>
<p>Describe the district resources to be used to implement the actions in this area to improve the</p>	

identified subgroup(s) student performance levels.	
Describe the professional development activities planned to support the implementation of the actions in this area.	

Rating	Statement of Practice 2.3: Leaders effectively use evidence-based systems to examine and improve individual and school-wide practices in the critical areas (student achievement, curriculum & teacher practices; leadership development; community/family engagement; and student social and emotional developmental health) that make progress toward mission-critical goals.	
<input type="checkbox"/>	Highly Effective	a) The school leader models excellence in the creation and use of systems that are dynamic, adaptive and interconnected and lead to the collection and analysis of outcomes that will guide a cycle of continuous improvement and action. b) The school leader espouses and supports practices in all areas that impact a school and student progress and achievement that are self-generative, which include virtuous feedback loops and examples of best practices that lead to sustained high performance. c) The school leader creates—and, where appropriate, collaborates with staff and families to explicitly communicate—pertinent school goals that are timely, transparent and widely available to all stakeholders and used by them to improve the quality of student life.
<input checked="" type="checkbox"/>	Effective	a) The school leader encourages the staff to use systems that are dynamic, adaptive, interconnected and lead to the collection and analysis of outcomes. b) The school leader espouses and supports practices in areas that impact a school and student progress and achievement, which include feedback loops and examples of best practices connected to student achievement. c) The school leader communicates pertinent school goals that are timely, transparent and widely available to all stakeholders.
<input type="checkbox"/>	Developing	a) The school leader encourages the staff to use systems that lead to the collection and analysis of outcomes. b) The school leader expects staff to use best practices related to school and student progress and achievement. c) The school leader is working on developing school goals and putting steps into place to communicate them to all stakeholders.
<input type="checkbox"/>	Ineffective	a) The school leader does not encourage the staff to use systems that lead to the collection and analysis of outcomes. b) The school leader expects the staff to use best practices, but has not clearly articulated what and how those practices are; nor has the leader provided space for the staff to identify the best practices. c) Creating school goals is not a priority, or the school leader has not communicated the goals to the stakeholders.

Rating	Statement of Practice 3.3: Teachers ensure that unit and lesson plans that are appropriately aligned to the CCLS coherent curriculum introduce complex materials that stimulate higher-order thinking and build deep conceptual understanding and knowledge around specific content.	
<input type="checkbox"/>	Highly Effective	a) Teachers are supported so that their instructional expertise is developed and nurtured during regularly scheduled grade-level meetings, which are guided by targeted agendas based on student and school data to ensure that all unit plans across their grade/subject are appropriately aligned to the CCLS coherent curriculum and meet students’ needs. b) Teachers use pacing calendars and unit plans across all grades, content areas and classes that expose students to a progression of sequenced and scaffolded complex materials appropriately aligned to the CCLS that meet the learning needs of pertinent groups of students (i.e., special education and English language learners) so that they are able to achieve at high consistent rates. c) Teachers use CCLS appropriately aligned lesson plans that promote higher-order thinking skills in all groups of students and develop analytical, evaluative and reflective skills across content areas by providing supports and extensions necessary for student achievement.
<input checked="" type="checkbox"/>	Effective	a) Teachers formally participate in grade-level or other meetings to collaboratively create and examine coherent CCLS-appropriately aligned curriculum unit plans across their grade/subject. b) Teachers use appropriately aligned CCLS pacing calendars and unit plans across all grades, content areas and classes that expose students to a progression of sequenced complex materials. c) Teachers use CCLS-appropriately aligned lesson plans that promote higher-order thinking skills and help students analyze information.
<input type="checkbox"/>	Developing	a) Teachers formally participate in grade-level or other meeting opportunities to discuss unit plans across their grade/subject areas. b) Teachers use unit plans in classes that expose students to materials aligned to their grade. c) Teachers use lesson plans that are aligned to standards and appropriate for the grade and subject.
<input type="checkbox"/>	Ineffective	a) Teachers meet informally and/or have no systems or protocols for working on unit plans. b) Teachers use grade/subject materials that are not aligned to unit plans or pacing calendars. c) Teachers do not consistently use lesson plans to instruct students that are aligned to the standards or appropriately addresses the grade and subject.

Actions in this area to be taken to improve the identified subgroup(s) student performance levels.	Higher-ordered thinking for SWD needs to increase at a consistent rate; scaffolds for students need to be built; continue implementation of CCLS EL and math modules; 12:1:1 set curricula; continuation of consistent math CCLS implementation	
Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.	Colleagues share the information learned from math instruction and PD (time); math instruction needs to be front loaded to fill in instructional gaps; continue implementation of CCLS EL and math modules with scaffolds for SWD; FASTT math program for fluency	
Describe the professional development activities planned to support the implementation of the actions in this area.	PD for math CCLS (modules) for strategies and vocabulary (CALT- Dugan??); Parent education for math instruction (SBT); PD in SWD scaffolds for higher level thinking; FASTT math program for increased fluency	

Rating	Statement of Practice 3.4: The school leader and teachers ensure that teacher collaboration within and across grades and subjects exists to enable students to have access to a robust curriculum that incorporates the arts, technology and other enrichment opportunities.	
<input type="checkbox"/>	Highly Effective	a) The school has a culture where all teachers work in partnerships within and across grades and subjects vertically and horizontally on a regular basis targeting student development, what is taught and why it is taught. b) The school leader and teachers ensure that students are exposed to a rich CCLS-appropriately aligned academic curriculum that enables them to develop and demonstrate high cognitive abilities/competency in discovering, creating and communicating information using the arts, technology and other enrichment areas.
<input type="checkbox"/>	Effective	a) The school leader and staff create opportunities for all teachers to work in partnerships within and across grades and subjects vertically and horizontally on a regular basis targeting what is taught and why it is taught. b) The school leader and teachers ensure that students are exposed to a standards-based aligned curriculum that enables students to discover, create and communicate information using the arts, technology and other enrichment areas.
<input checked="" type="checkbox"/>	Developing	a) The school leader creates opportunities for specific teams of teachers to work horizontally across grades or subjects on a regular basis. b) The school leader has not ensured that students' exposure to the arts and technology is aligned to the implemented academic curriculum, which limits how students fully benefit from using the arts, technology and other enrichment areas.
<input type="checkbox"/>	Ineffective	a) Formal opportunities for teachers to meet across grades or subjects to plan and discuss strategies do not exist. b) The school leader has not taken measures to ensure that students are exposed to the arts, technology and other enrichment areas.

Rating	Statement of Practice 4.5: Teachers use a variety of data sources including screening, interim measures and progress monitoring to inform lesson planning, develop explicit teacher plans and foster student participation in their own learning process.			
<input type="checkbox"/>	Highly Effective	a) Teachers use summative and formative assessments including screening, progress monitoring, interim measures and outcome assessments to develop highly dynamic and responsive plans, based on students' strengths and needs. b) Teachers use a wide variety of relevant data sources to create robust lesson plans that account for student grouping and to determine the appropriate intensity and duration of instruction. c) Teachers provide frequent and relevant feedback to students based on the analysis of timely data, and students draw on the feedback so that they can reflect, adjust and assess their own progress.		
<input checked="" type="checkbox"/>	Effective	a) Teachers utilize data sources and analyze the information provided from such sources to inform instructional decision-making, including student grouping and instructional strategies. b) Teachers use targeted plans to adjust student grouping and instructional strategies based on data for most students. c) Teachers provide frequent feedback to students based on the analysis of timely data and provide students with their next steps.		
<input type="checkbox"/>	Developing	a) Teachers utilize data sources to inform instructional decision-making. b) Teachers have action plans for adjusting student groupings, but the plans lack specificity and do not provide targeted intervention for students requiring additional support. c) Teachers provide data-based feedback to students.		
<input type="checkbox"/>	Ineffective	a) Teachers do not use assessments to inform instructional decision-making. b) Teachers do not use their action plans for grouping and adjusting their instruction, or they do not have action plans. c) Teachers do not use data to provide feedback to students, which makes the feedback inadequate.

Rating	Statement of Practice 5.5: The school leader and student support staff work together to develop teachers' ability to use data to respond to students' social and emotional developmental health needs, so students can become academically and socially successful.	
<input checked="" type="checkbox"/>	Highly Effective	a) The school leader and student support staff work collaboratively to develop a strategic plan to

		incentivize teachers' use of a wide variety of data to address students' social and emotional developmental health needs that align to academic and social success. b) The school leader provides time and space for teachers to work with other staff members so that a comprehensive action plan is developed and implemented, so students can become academically and socially successful.
<input type="checkbox"/>	Effective	a) The school leader and student support staff work with teachers to develop an understanding of how to use data to address students' social and emotional developmental health needs that align to academic and social success. b) The school leader and student support staff expect staff members to use data to effectively address student needs.
<input type="checkbox"/>	Developing	a) The school leader encourages specific teachers to use data to address students' social and emotional developmental health needs. b) The school leader is developing support systems to address the staff's ability to meet student needs.
<input type="checkbox"/>	Ineffective	a) The school leader has not prioritized the need for systems that address how teachers and other staff use data to address students' social and emotional developmental health needs. b) The school has no specific plan to support staff efforts to address student needs.

If the SOP rating is <u>Effective</u>, <u>Developing</u> or <u>Ineffective</u>, please provide a response in the areas below.		
Actions in this area to be taken to improve the identified subgroup(s) student performance levels.	Simplify vocabulary used in parent correspondence about complex topics; Identify human/community resources to engage parents in completing complex forms	
Describe the district resources to be used to implement the actions in this area to improve the identified subgroup(s) student performance levels.	PD on financial resources	
Describe the professional development activities planned to support the implementation of the actions in this area.	PD with Ruby Payne's Understanding Poverty; PD on dealing with children that have had traumatic life experiences	

Describe the process used to develop this plan pursuant to CR100.11.
<p>The Intermediate Team was a voluntary committee. Staff was given a brief synopsis of the process during the opening faculty meeting. Four teachers volunteered; Stacy Brown, experienced ICT teacher; Amanda Behnke, first-year ICT teacher; Katie Cristaldi, second-year ICT teacher; Tracy Durkee, grade 5 teacher and ELA CALT. Principal, Stephanie Falls; Director of Special Education, Chris Moore; BOE member, Katie Dwyer; and SESIS, Siobhan O'Hara, were also part of the committee. Six focus groups were conducted with support staff, grade level teachers, vertical teachers, small group students, large group students, and parents. Focus groups were led by the school psychologist, TAs and an experienced substitute teacher. Siobhan O'Hara assisted with the planning documents for the self-assessment. Stephanie Falls and Stacy Brown submitted documents to assist with the self-assessment rubric.</p> <p>The LAP committee met on 10/28/13 to complete the rubric. The principal presented the collected data and asked the group to rate each tenet. The committee looked at the data for each tenet as we moved through the rubric. Staff members added data to the set that was presented through the website, APPR portfolios, and s-drive files. Consensus determined the rating for each tenet. All opinions and ideas were accepted for group discussion. The committee found that many of the weaknesses and needed actions were consistent across the tenets. The Homer Administrative team met to revise the building Local Assistance Plans. The building LAP team met again to review the revisions from the administrative team.</p> <p>The main areas of focus according to the LAP team were parent communication, use of data to better inform instruction and interventions, increased access to interventions for tier 2-3 students, close vertical and CCLS curricula gaps and PD for math instruction. The group felt confident with the fidelity with the implementation of the CCLS and ELA and math modules (ENGAGENY.gov). The summative and formative assessments are assurance that each classroom is consistent with instruction as well as student rating.</p>

Provide any additional information that is relevant to the Local Assistance Plan but is not addressed in the tenets and/or SOPs.

There were a few tenets that the group felt that met the “highly effective” rating except for the component of “increased student achievement.” The district and school building has implemented several initiatives during the 2012-2013 school year implementation of NYS modules (ELA and math), RtI throughout the school, Integrated Co-Teaching (ICT), grade level intervention block (TEAM), grade level days with consistent SESIS training and standards-based report cards. It is our hope that these changes as well as the submitted action plan will increase the achievement of SWD and all students in the Homer Intermediate School.
