Re: Elementary School Library Book Disposal
Date: February 22, 2014

Please see the attached list of books that are marked for discard from the Elementary School Library.

The librarian at the Elementary School wishes to discard these books for a variety of reasons: some of them are out-of-date and may contain information or images that are inaccurate or don't represent life as our children see it (no children of color or ethnicities we have now), some have been damaged by water, writing or other unidentifiable substances. In some cases these are the excess copies needed before the bookroom existed to provide sets of 8-10 copies of the same book. And some are just not of interest to our students.

Additionally, we are making room for titles that support current curriculum, updated versions of "tired" titles and many more books at our students' reading levels.

With the Board's permission, we will mark the books for discard and make them available to our children and school community.

Items Contained In Group: DELETES

Title	Call Number	Author	Publisher	Pub. Date	Barcode
