Dear Character Education Partners:

The District Character Education Committee wanted to thank you again for your participation in our charter class of partners. We have had an excellent year building our character development plan within the district and now you as our partner have helped us to build it within the community as well.

Developing character is a process, not a onetime event, and so we know there is more work to be done. However, it is important to stop and celebrate accomplishments as well. So please accept our sincere appreciation for your involvement. Please spread the word and if you talk with an agency that wants to become a partner as well, have them contact my office.

It does “take a whole village to raise a child”. Thank you for doing your part.

Sincerely,

Nancy S. Ruscio  
Superintendent of Schools
