Re: Elementary School Library Book Disposal
Date: July 8, 2014

Please see the attached list of books that are marked for discard from the Elementary School Library and the High School English Department book room.

The librarian at the Elementary School wishes to discard these books for a variety of reasons. Some have been damaged by water, writing or other unidentifiable substances and some "tired titles" will be replenished with new titles and classics.

The second list was created when the English Department conducted a careful inventory of books in their bookroom late in 2013. Many of the books are classics. We have shared the list with librarians at the Intermediate School and Junior High and those who maintain book rooms in other buildings to give them first right of refusal prior to disposal.

Our hope is that the books remaining on the lists, while not being used here, may still be useful to others. With the Board's permission, we will mark the books for discard and make them available to our children and school community.
