

RESOLUTION

**BOARD OF EDUCATION
HOMER CENTRAL SCHOOL DISTRICT**

WHEREAS, the District solicited bids to perform construction work in connection with its Capital Improvement Project (the "Project"); and

WHEREAS, on Friday, April 17, 2015, the District publicly opened bids to perform work on the Project; and

WHEREAS, the low bidder for the electrical work was Myriad Construction Inc.; and

WHEREAS, on Monday, April 20, 2015, Myriad Construction notified the District that it had made a mathematical/clerical error when computing its bid and requested that its bid be withdrawn; and

WHEREAS, Myriad Construction advised the District that it had made an error computing labor hours, which resulted in Myriad Construction inadvertently omitting 2,351 labor hours from its bid price; and

WHEREAS, Myriad Construction provided documentary evidence to substantiate its claim of committing an error in calculating its bid price; and

WHEREAS, the District's construction manager, Lend Lease, reviewed the documentary evidence submitted by Myriad Construction and concluded that Myriad Construction had indeed committed an unintentional error in calculating its bid price and that it would be unconscionable to require Myriad Construction to perform the work at its bid price.

NOW, THEREFORE, IT IS RESOLVED AS FOLLOWS:

1. Pursuant to General Municipal Law Section 103(11), Myriad Construction is hereby permitted to withdraw its bid and its bid security shall be returned to it.
