

PRESS RELEASE

Homer Intermediate and Junior High School is hosting a presentation for parents only by Mary Dykeman, health educator from the Jacobus Center. The topic will be how to create and maintain an open dialogue between you and your child. Studies have shown that if parents create trust and open communication with their children during their formative years, it makes the more difficult topics and conversations that will arise as their children age easier.

Ms. Dykeman will be providing tips and strategies to help parents foster communications skills between parents and children. There also will be time for a an open forum of questions from the audience. The presentation will on December 9th at 7:00 pm in the 2nd floor computer lab at the Homer Junior High School. For further information or questions, please feel free to contact Barb Bachmann at bbbachmann@homercentral.org or 749-1230.
