**SUBJECT: SELECTION OF LIBRARY AND AUDIO-VISUAL MATERIALS**

**Deselecting Library Materials**

An essential component to any collection development process is deselecting or weeding inappropriate materials. The school librarian shall periodically review the library collection for deselecting or weeding purposes in accordance with **MUSTIE**, an acronym for six (6) negative factors that often render an information resource useless and require its removal from the collection.

**M = Misleading** (and/or factually inaccurate)

**U = Ugly** (worn and beyond mending or rebinding)

**S = Superseded** (by a new edition or by a much better book on the subject)

**T = Trivial** (of no discernible aesthetic, literary, scientific or social value)

**I = Irrelevant** to the needs and interests of the community

**E = material easily obtained Elsewhere** through interlibrary loan
