NEW**SUBJECT: DISTRICT COMMITTEES**

Standing and/or ad hoc committees may be appointed to study and to recommend courses of action in response to department, building, or District needs. These committees may be appointed by the Board, the Superintendent, or other administrators, with the knowledge of the Superintendent, and in accordance with the range of responsibilities of the appointing body or administrator to whom the committee will report. The composition of each committee will reflect its purpose and each committee will have a clear assignment.

Advisory committees may be appointed by the Superintendent and the building principals to act in various areas as needed. Such committees may include knowledgeable citizens.

Voluntary committees may be set up by District employee groups, and they will have full opportunity to function closely with the administrators. Such suggestions will be submitted to the Superintendent who, at his or her discretion, will present them to the Board for consideration.
