RE: Junior High Science Club Fundraiser

Junior High Science Club Bottle Drive....Saturday, April 29th, 9am-12pm...Junior High School

The Junior High Science Club would like the Board of Education to consider the approval of a bottle drive fundraiser. The purpose of the fundraiser will be to help offset costs of our Spring trip to Raquette Lake in May. With the completion of the bottle drive, we anticipate raising between \$800-1,000 which will immediately benefit club members attending the trip.

This fundraiser is very important in terms of financial gain, but also in building a sense of community and commitment within the club. Thank you for your consideration in this matter.
