Submitted to Board of Education for Approval: 5/23/17

*Junior High Science Club Campout  
Fillmore Glen State Park  
Saturday-Sunday, June 10-11th, 2017*

The Junior High Science Club would like the Board of Education to consider the approval of an overnight field trip to Fillmore Glen State Park. The campout would take place on Saturday, June 10th at 1pm until Sunday, June 11th at 10am. The purpose of the field trip will be to thank the science club members for their hard work this year, to visit a local state park to explore the science in their own backyard, and to have some outdoor fun. The itinerary includes a nature hike through the gorge, field games like kickball and capture the flag, cookout and campfire in the evening. Students will be dropped off by parents Saturday afternoon, camp out Saturday night in tents, and then be picked up by their parents Sunday morning. We estimate we will have about 25 students and at least 5 adults to help. Thank you for your consideration in this matter.

Sincerely,

Kevin Douglass & Tom George
