Re: Materials deleted from HS collection 2016-17

Date: May 18, 2017

Attached please find the list of materials to be deleted from the high school library collection. Deleting materials from the collection is a very difficult job for a librarian – one of the hardest. These materials have, for the most part, been well-loved and well-used. Some of them are too worn to remain in the collection and some of them are no longer supportive of the current curriculum or the information in them is outdated or incorrect.

Please be in touch if you need any additional supportive materials.
