Re: Surplus Uniforms

The football program would like to surplus approximately 100 old football uniforms that are no longer used by our teams. The athletic booster club has agreed to work with the football coaches and players to sell these uniforms with all the profits going directly to the Relay for Life program which many of our school employees participate in the spring.

The athletic department encourages all of our teams to select a community service project and the football program has chosen to assist the Relay for Life program.

Thank you.
