SUBJECT: SELECTION OF LIBRARY AND AUDIO-VISUAL MATERIALS

Deselecting Library Materials

An essential component to any collection development process is deselecting or weeding inappropriate materials. The certified school librarian shall periodically review the library collection for deselecting or weeding purposes in accordance with **MUSTIE**, an acronym for six (6) negative factors that often render an information resource useless and require its removal from the collection.

M = Misleading (and/or factually inaccurate)

U = Ugly (worn and beyond mending or rebinding)

S = Superseded (by a new edition or by a much better book on the subject)

T = Trivial (of no discernible aesthetic, literary, scientific or social value)

I = Irrelevant to the needs and interests of the community

E = material easily obtained Elsewhere through interlibrary loan
