

Junior High Science Club Bottle Drive

Saturday, April 14th, 9am-12pm

The Junior High Science Club would like the Board of Education to consider the approval of a bottle drive fundraiser. The fundraiser would take place on Saturday, April 14th from 9am-12pm behind the junior high school. The purpose of the fundraiser will be to help offset costs of our Spring trip to Washington, DC in May. With the completion of the bottle drive, we anticipate raising between \$800-1,000 which will immediately benefit club members attending the trip. This fundraiser is very important in terms of financial gain, but also in building a sense of community and commitment within the club. Thank you for your consideration in this matter.

Sincerely,

Kevin Douglass & Tom George
